# The Creation of the UNIX\* Operating System

After three decades of use, the UNIX\* computer operating system from Bell Labs is still regarded as one of the most powerful, versatile, and flexible operating systems (OS) in the computer world. This is due to many factors, including its ability to run a wide variety of machines, from microcomputers to supercomputers, and its portability -- all of which led to its adoption by many manufacturers.

Like another legendary creature whose name also ends in 'x,' UNIX rose from the ashes of a major organizational effort in the early 1960s to develop a dependable timesharing operating system.

The joint effort was not successful, but a few survivors from Bell Labs tried again, and what they created was a system that offers its users a work environment that has been described as "of unusual simplicity, power, and elegance...."

The system also fostered a distinctive approach to software design -- solving a problem by interconnecting simpler tools, rather than creating large monolithic application programs.

Its development and evolution led to a new philosophy of computing, and it has been a never-ending source of both challenges and joy to programmers around the world.

### **FOR RELEASE MONDAY, JUNE 25, 1990**

MORRISTOWN, N.J. -- AT&T's UNIX Software Operation today was renamed UNIX System Laboratories, Inc.

The change in name follows the recent reincorporation of AT&T International's European and Asian UNIX(R) System business subsidiaries as wholly owned subsidiaries of UNIX System Laboratories, Inc. Relevant AT&T and UNIX Software Operation assets were assigned to the new company in November 1989.

"Today's announcement reflects the changes that have taken place in the way AT&T develops, markets and manages UNIX System V," said Larry Dooling, president of UNIX System Laboratories (USL). "USL is a separate business, committed to powering the Open Systems revolution by creating and providing our customers with the best system software, tools and services. We are committed, in concert with UNIX International and in accord with UI's UNIX System V Roadmap, to keep UNIX System V and other USL products at the heart of the worldwide Open Systems movement."

Peter Cunningham, president of UNIX International, said, "In the last 18 months AT&T has made good on its commitment to treat UNIX System V as the industry asset it is and to open the UNIX System V development process to the entire industry. We look forward to working with USL for years to come, managing the evolution of UNIX System V in the best interests of all vendors and customers who invest in Open Systems."

UNIX System Laboratories also announced an internal restructuring of the company into two business units: UNIX System V Software and Open Solutions Software.

The UNIX System V Software business unit, headed by Michael J. DeFazio, is responsible for the evolution of the UNIX System V base operating system. The Open Solutions Software business unit, headed by Joel A. Appelbaum, is responsible for system software that complements the base operating system. Such products include the C and C++ programming languages and network system software, such as the TUXEDO(TM) Transaction Processing System and the OSI Communications Platform.

UNIX System Laboratories Europe, Ltd., managed by Robert W. Mitze, is headquartered in London. UNIX System Laboratories Pacific, Ltd., managed by James L. Clark, is headquartered in Tokyo. Both operations were formerly subsidiaries of AT&T International.

The UNIX Software Operation was created as a separate business unit of AT&T in January 1989, in order to separate AT&T's UNIX System source code business from its computer systems business. UNIX System Laboratories, Inc., was incorporated as a separate subsidiary of AT&T in Delaware in November 1989.

UNIX International (UI) is a consortium of industry vendors and end users committed to UNIX System V as the base of the worldwide Open Systems movement. UI provides technical guidance to USL on the evolution of UNIX System V through the UNIX International UNIX System V Roadmap process.

**FOR RELEASE MONDAY, JUNE 14, 1993**

# **Novell completes acquisition of UNIX System Laboratories**

PROVO, Utah -- Novell Inc. the computer networking company announced the completion of its acquisition of UNIX System Laboratories following a vote of approval Monday by the shareholders of USL.

Novell will exchange 11.1 million shares of its common stock for the outstanding shares of USL stock it does not already own. The tax-free exchange of shares is being accounted for as a purchase. As indicated in December 1992 when the transaction was first announced, Novell expects to incur a one-time write-off of purchased research and development of approximately \$270 million, based on the valuation of the transaction.

This write-off will be reflected in Novell's financial results for its third fiscal quarter ending July 31, 1993. On a per share basis, this purchased R&D will represent a charge against Novell earnings of up to 85 cents in its third fiscal quarter.

USL has become a wholly owned subsidiary of Novell. Roel Pieper continues as president and chief executive officer of the USL subsidiary, reporting to Raymond J. Noorda chairman of Novell. Pieper also becomes an executive vice president at Novell. The Univel company, formed as a partnership between Novell and USL in December 1991, continues to operate from its headquarters in San Jose, California.

Completion of the acquisition follows the signing of a letter of intent between Novell and AT&T on Dec. 20, 1992. The companies reached a definitive agreement for the transaction on Feb. 16, 1993.

AT&T now holds approximately 9 million shares of Novell common stock, or three percent of the outstanding shares, after exchanging their 77 percent interest in USL for Novell stock. AT&T has indicated its intention to hold its shares of Novell as an investment.

USL, based in Summit, N.J., develops and markets the UNIX\* System V operating system, the TUXEDO\* Enterprise Transaction Processing System, the C++ Programming Language System and other standards-based system software products to the worldwide computer industry. USL also provides education and management consulting for UNIX systems and related technologies.

Univel develops and markets UnixWare\*, an easy-to-use UNIX system that is tightly linked to network services provided by Novell's NetWare\* system software. UnixWare is an advanced 32-bit operating system for computers using industry standard Intel microprocessors.

Novell Inc. is the computer networking company, developer of network services and specialized and general purpose operating system products, including NetWare, UnixWare and Novell DOS. Novell's NetWare network computing products manage and control the sharing of services, data and applications

among computer workgroups, departmental networks and across enterprise-wide information systems.

\* UNIX is a registered trademark in the United States and elsewhere, licensed exclusively through X/Open Company Ltd. NetWare and TUXEDO are registered trademarks of Novell Inc. UnixWare is a trademark of Univel.

## ASSET PURCHASE AGREEMENT

This ASSET PURCHASE AGREEMENT (the "Agreement") is made and entered into as of September 19, 1995 by and between The Santa Cruz Operation, Inc., a California corporation ("Buyer") and Novell, Inc., a Delaware corporation ("Seller").

### RECITALS

A. Seller is engaged in the business of developing a line of software products currently known as Unix and UnixWare, the sale of binary and source code licenses to various versions of Unix and UnixWare, the support of such products and the sale of other products which are directly related to Unix and UnixWare (collectively, the "Business").

B. The Boards of Directors of each of Seller and Buyer believe it is in the best interests of each company and their respective stockholders that Buyer acquire certain of the assets of, and assume certain of the liabilities of Seller comprising the Business (the "Acquisition").

C. In connection with the Acquisition Buyer will issue to Seller 6,127,500 shares of Common Stock of Buyer (the "Shares").

D. In connection with the acquisition by Seller of the Shares, Buyer and Seller desire to set forth certain agreements with respect to the governance of Buyer following the closing of the Acquisition.

NOW, THEREFORE, in consideration of the covenants, promises and representations set forth herein, and for other good and valuable consideration, the parties agree as follows:

### ARTICLE I

#### THE ACQUISITION

##### 1.1 Purchase of Assets.

(a) Purchase and Sale of Assets. On the terms and subject to the conditions set forth in this Agreement, Seller will sell, convey, transfer, assign and deliver to Buyer and Buyer will purchase and acquire from Seller on the Closing Date (as defined in Section 1.7), all of Seller's right, title and interest in and to the assets and properties of Seller relating to the Business (collectively the "Assets") identified on

Schedule 1.1 (a) hereto. Notwithstanding the foregoing, the Assets to be so purchased shall not include those assets (the "Excluded Assets") set forth on Schedule 1.1 (b):

(b) Assumption of Liabilities. At the Closing, Buyer shall assume those obligations and liabilities of Seller set forth on Schedule 1.1(c) hereto (collectively, the "Assumed Liabilities").

(c) Liabilities Not Assumed. Other than the Assumed Liabilities, Buyer shall not assume, nor shall Buyer or any affiliate of Buyer be deemed to have, assumed or guaranteed, any other liability or obligation of any nature of Seller, or claims of such liability or obligation, whether accrued, matured or unmatured, liquidated or unliquidated, fixed or contingent, known or unknown arising out of (i) acts or occurrences related to any of the Assets, prior to the Closing Date, or (ii) any other liability or obligation of Seller which is not an Assumed Liability (collectively, the "Unassumed Liabilities"). Seller will remain responsible for all Unassumed Liabilities.

## 1.2 Payments.

(a) Consideration for Assets Stock. On the terms and subject to the conditions set forth in this Agreement, as full payment for the transfer of the Assets by Seller to Buyer, at the Closing Buyer shall assume the Assumed Liabilities and issue to Seller 6,127,500 shares of fully paid and nonassessable shares of Common Stock of Buyer (the "Shares" or the "Purchase Price").

(b) Royalties. Buyer agrees to collect and pass through to Seller one hundred percent (100%) of the SVRX Royalties as defined and described in Section 4.16 hereof. Seller agrees to pay Buyer an administrative fee of five percent (5%) of the SVRX Royalties. Seller and Buyer further acknowledge and agree that Seller is retaining all rights to the SVRX Royalties notwithstanding the transfer of the SVRX Licenses to Buyer pursuant hereto, and that Buyer only has legal title and not an equitable interest in such royalties within the meaning of Section 541(d) of the Bankruptcy Code. For purposes of administering the collection of SVRX Royalties, the parties acknowledge that the royalties shall continue to be recognized as royalties by Seller on an ongoing basis and the parties shall take such commercially reasonable steps as may be necessary to effectuate the foregoing for financial accounting and tax purposes. In addition, Buyer agrees to make payment to Seller of additional royalties retained by Seller in respect of the transfer of UnixWare and on account of Buyer's future sale of UnixWare products. The amounts and timing of additional royalties to be paid in connection with Buyer's sale of the UnixWare products are identified in detail on Schedule 1.2(b) hereto. Seller shall be entitled to conduct periodic audits of Buyer concerning all royalties and payments due to Seller hereunder or under the SVRX Licenses, provided that Seller shall conduct such audits after reasonable notice to Buyer and during normal business hours and shall not be entitled to more than two (2) such audits per year. The cost of

any such audit shall be borne by Seller, unless such audit reveals a payment shortfall in excess of 5% of amounts due hereunder in which case the cost of such audit shall be borne by Buyer.

(c) Allocation of Purchase Price. Within 45 days following the Closing Buyer shall prepare and deliver to Seller, subject to Seller's approval, an allocation of the Purchase Price plus any other consideration properly allocable among the Assets (the "Allocation"). The parties agree that all tax returns and reports (including Internal Revenue Service ("IRS") Form 8594) and all financial statements shall be prepared in a manner consistent with (and the parties shall not otherwise take a position inconsistent with) the Allocation unless required by the IRS or state taxing authority. The Allocation shall be prepared in a manner consistent with Section 1060 of the Internal Revenue Code of 1986, as amended (the "Code"), and the income tax regulations promulgated thereunder.

(d) Transfer Taxes. Buyer shall pay and promptly discharge when due the entire amount of any and all sales and use tax ("Sales Taxes") imposed or levied by reason of the sale of the Assets to Buyer. The parties shall cooperate with each other to the extent reasonably requested and legally permitted to minimize any such Sales Taxes.

### 1.3 Transfer of Customers.

#### (a) Transfer of Customers.

(i) Intent. It is the intent of parties hereto that all of the Business and all of Seller's backlog, if any, relating to the Business be transferred to Buyer. Accordingly, all parties agree to facilitate the transfer of customers of the Business from Seller to Buyer following the Closing.

(ii) Purchase Order Data. Seller shall make available to Buyer, upon request (A) a list of all outstanding written customer orders, purchase orders and other customer commitments from the current customers of the Business (the "Current Customers"), (B) the names of all current Customers, and (C) data regarding Seller's standard cost of sales for the items covered by such orders, and shall provide upon request such other information as is (AA) relevant to profitability on such items, (BB) available to Seller without incurring undue effort or expense and (CC) requested by Buyer.

(iii) Transfer of Orders: Assignments. Prior to the Closing, Seller and Buyer agree to cooperate with each other in conducting joint contacts with the Current Customers (as appropriate) for the purpose of attempting to obtain such customers' consent to transfer orders from Seller to Buyer (or to issue new orders to

Buyer for the same or similar items) and to assign Seller's rights and benefits under the contracts included in the Assets to Buyer as of the Closing.

(iv) Assumption of Obligation. To the extent that an order is transferred or assigned to Buyer or that Buyer accepts a new purchase order from a Current Customer, Buyer agrees to assume and perform all obligations thereunder.

1.4 Non-Assignment of Certain Items. Notwithstanding anything to the contrary in this Agreement, to the extent that the assignment or license hereunder of any of the Assets shall require the consent of any other party (or in the event that any of the Assets shall be nonassignable), neither this Agreement nor any action taken pursuant to its provisions shall constitute an assignment or license or an agreement to assign or license such Assets if the requisite consents are not obtained and such assignment or license or attempted assignment or license would constitute a material breach or result in the loss or diminution thereof; provided, however, that Seller shall, at its own expense, use reasonable commercial efforts to obtain all third party consents necessary to assign or license the Assets to Buyer, and Seller hereby consents to Buyer using such efforts as it deems necessary or appropriate to effect the same. In the event that notwithstanding the efforts of Seller and Buyer all assignments or licenses needed to assign or license the Assets to Buyer cannot be provided to Buyer, Seller shall negotiate an alternative assignment or license as to such Assets so as to afford Buyer, to the extent practicable, the same or similar benefits and rights as if such assignment or license had occurred.

1.5 Transitional Contracts. The parties acknowledge that it may not be practical or advisable to assign or terminate certain contracts (such as Seller's Master License Agreements ("MLAs")) pursuant to which Seller has granted third parties rights to sell, distribute, obtain support and/or maintain Seller's UnixWare products (such contracts to be referred to hereinafter collectively as the "Transitional Contracts"). In such cases, Seller and Buyer will use diligent efforts to transition such business (concerning the Business only) and the customer relationship relating to such business to Buyer such that any new agreements concerning the Business will be entered into by, and support and maintenance will be provided by, Buyer, except where Buyer is unable to do so. In any event, Buyer shall be entitled to the revenue and benefits received by Seller reasonably attributable to support or maintenance of the products pursuant to the Transitional Contracts (even if prepaid before Closing) net of Seller's identifiable direct expenses of support and maintenance related specifically thereto and documented to Buyer. Seller may retain such units of inventory of products as it deems reasonably necessary solely to satisfy customers under Transitional Contracts in accordance with this paragraph if Buyer is unable to do so. Following the Closing, Seller shall not enter into any new Transitional Contracts nor extend the term of any existing contract. Except for revenue from MLAs, Buyer and Seller shall negotiate a mutually acceptable arrangement to afford Buyer the benefits of ongoing licenses which are intended to be assigned

hereunder as part of the Assets but which cannot be assigned due to third party objections.

1.6 License Back of Assets. Concurrent with the Closing, Buyer shall execute a license agreement under which it shall grant to Seller a royalty-free, perpetual, worldwide license to (i) all of the technology included in the Assets and (ii) all derivatives of the technology included in the Assets, including the "Eiger" product release (such licensed back technology to be referred to collectively as "Licensed Technology"). Seller agrees that it shall use the Licensed Technology only (i) for internal purposes without restriction or (ii) for resale in bundled or integrated products sold by Seller, which are not directly competitive with the core products of Buyer and in which the Licensed Technology does not constitute a primary portion of the value of the total bundled or integrated product. The license agreement shall include reasonable provisions concerning Buyer's obligation to provide documentation and support for the Licensed Technology. The license agreement shall also provide Seller with an unlimited royalty-free, perpetual, worldwide license to the Licensed Technology upon the occurrence of a Change of Control of Buyer described in Section 6.3(c) hereof. In the event of a Change of Control of Seller (as defined in Section 6.6 hereof), the license granted pursuant to the license agreement shall be limited to Seller's products either developed or substantially developed as of the time of the Change of Control.

#### 1.7 Closing.

(a) Closing. Unless this Agreement is earlier terminated pursuant to Article VII, the closing of the transactions contemplated by this Agreement (the "Closing") shall be held at the offices of Wilson, Sonsini, Goodrich & Rosati, 650 Page Mill Road, Palo Alto, California 94304, at 10:00 a.m. on the date which is two business days following satisfaction or waiver of the last of the conditions to Closing as set forth in the Article IV hereof, or on such other time and/or date as the parties agree (the actual date on which the Closing occurs is referred to herein as the "Closing Date").

#### (b) Delivery. At the Closing:

(i) Buyer shall deliver to Seller an instrument of assumption of liabilities by which Buyer shall assume the Assumed Liabilities as of the Closing;

(ii) Buyer shall deliver to Seller a certificate or certificates representing the Shares;

(iii) Seller shall deliver to Buyer all bills of sale, endorsements, assignments, consents to assignments to the extent obtained and other instruments and documents as Buyer may reasonably request to sell, convey, assign, transfer and deliver to Buyer Seller's title to all the Assets; and

(iv) Seller and Buyer shall deliver or cause to be delivered to one another such other instruments and documents necessary or appropriate to evidence the due execution, delivery and performance of this Agreement.

(c) Taking of Necessary Action: Further Action. If, at any time after the Closing Date, any further action is necessary or desirable to carry out the purposes of this Agreement the parties agree to take, and will take, all such lawful and necessary and/or desirable action.

## ARTICLE II

### REPRESENTATIONS AND WARRANTIES OF SELLER

Except as described with reasonable particularity in the Seller Disclosure Schedule (which shall cross-reference to the particular section below to which such description applies) delivered by Seller to Buyer simultaneously with the execution of this Agreement, as such Seller Disclosure Schedule may be updated and/or amended pursuant to Section 4.11 hereof (the "Seller Disclosure Schedule"), Seller represents and warrants to Buyer that:

2.1 Organization, Standing and Power. Seller is a corporation duly organized, validly existing and in good standing under the laws of its state of incorporation, and has all requisite corporate power and authority to own, operate and lease its properties and to carry on its business as now being conducted. Seller is duly qualified as a foreign corporation and is in good standing in each jurisdiction in which the failure to so qualify reasonably would be expected to have a material adverse effect on the Business Condition of the Business. By executing this Agreement, Seller further represents that it does not have any contract, undertaking, agreement or arrangement with any person to sell, transfer or grant participations to such person or to any third person, with respect to any of the Shares.

2.18 Reliance Upon Seller's Representations. Seller understands that the Shares are not registered under the Securities Act on the ground that the sale provided for in this Agreement and the issuance of the Shares hereunder is exempt from registration under the Securities Act pursuant to section 4(2) thereof, and that Buyer's reliance on such exemption is predicated on Seller's representations set forth herein. Seller realizes that the basis for the exemption may not be present if, notwithstanding such representations, Seller has in mind merely acquiring the Shares for a fixed or determinable period in the future, or for a market rise, or for sale if the market does not rise. Seller presently does not have any such intention.

The foregoing, however, does not limit or modify the representations and warranties of the Buyer in Article III of this Agreement or the right of Seller to rely thereon.

2.20 Accredited Investor. Seller is an "accredited investor" within the meaning of Securities and Exchange Commission ("SEC") Rule 501 of Regulation D, as presently in effect.

2.21 Restricted Securities. Seller understands that the Shares may not be sold, transferred, or otherwise disposed of without registration under the Securities Act or an exemption therefrom, and that in the absence of an effective registration statement covering the Shares or an available exemption from registration under the Securities Act, the Shares must be held indefinitely. 3.2 Authority. Buyer has all requisite corporate power and authority to enter into this Agreement and, to consummate the transactions contemplated hereby. This Agreement has been duly executed and delivered by Buyer and constitutes a legal, valid and binding obligation of Buyer enforceable against Buyer in accordance with its terms, except as enforcement may be limited by bankruptcy, insolvency, or other similar laws affecting the enforcement of creditors' rights generally and except that the availability of equitable remedies is subject to the discretion of the court before which any proceeding therefor may be brought. No consent, approval, order or authorization of, or registration, declaration or filing with, any Governmental Entity is required by or with respect to Buyer in connection with the execution and delivery of this Agreement or the consummation by

Buyer of the transactions contemplated hereby, except for (i) the filing of a pre-merger notification report under the HSR Act, (ii) those required to be made or obtained by Seller or any of its affiliates, (iii) filings following the Closing under federal and state securities laws relating to issuance of the Shares; and (iv) such consents, approvals, orders, authorizations, registrations, declarations and filings as would not have a material adverse effect on the ability of Buyer to issue the Shares to Seller and assume the Assumed Liabilities at the Closing.

3.3 Capitalization. The authorized capital stock of Buyer consists of 100,000,000 shares of Common Stock, no par value, and 20,000,000 shares of Preferred Stock, no par value, of which there were issued and outstanding as of the close of business on September 18, 1995, 30,791,674 shares of Common Stock and no shares of Preferred Stock. Buyer has made available to Seller a true and complete copy of each statement, annual, quarterly and other report, and definitive proxy statement filed by Buyer with the Securities and Exchange Commission ("SEC") since September 30, 1993 (the "Buyer SEC Documents"), which are all the documents (other than preliminary material) that Buyer was required to file with the SEC since such date. As of their respective filing dates, the Buyer SEC Documents complied in all material respects with the requirements of the Securities Exchange Act of 1934 (the "Exchange Act") or the Securities Act of 1933 (the "Securities Act"), as the case may be, and none of the Buyer SEC Documents contained any untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary to make the statements made therein, in light of the circumstances in which they were made, not misleading. As of the date hereof, there are no judgments or orders, injunctions, decrees, stipulations or awards (whether rendered by a court or administrative agency or by arbitration) against Buyer with any continuing effect that reasonably would be expected to have a material adverse effect on the Business Condition of Buyer. To the knowledge of Buyer, there is no investigation by any Governmental Entity with respect to Buyer pending against Buyer which is reasonably likely to have a material adverse effect on the Business Condition of Buyer.

3.6 No Defaults. To the knowledge of Buyer, Buyer is not, nor has received written notice that it would be with the passage of time, (i) in violation of any provision of its Certificate of Incorporation or Bylaws or (ii) in default or violation of any term, condition or provision of (A) any judgment, decree, order, injunction or stipulation applicable to Buyer or (B) any agreement, note, mortgage, indenture, contract, lease or instrument, permit, concession, franchise or license to which Buyer is a party or by which Buyer may be bound, in any such case in a manner that reasonably would be expected to have a material adverse effect on the Business Condition of Buyer.

3.7 Litigation. There is no action, suit, proceeding, claim or governmental investigation pending or, to the knowledge of Buyer, threatened, against Buyer which reasonably would be expected to have, a material adverse effect on the Business Condition of Buyer. There is no action, suit, proceeding, claim or governmental investigation pending against Buyer as of the date hereof which in any manner challenges or seeks to prevent, enjoin, alter or materially delay any of the transactions contemplated hereby.

Since June 30, 1995, Buyer has conducted its business in the ordinary course and, except for the execution, delivery and performance of this Agreement or as required hereby, there has not occurred: (a) any material adverse change in the Business Condition of Buyer; (b) any entry into any

material commitment or transaction by Buyer, other than in the ordinary course of business; (c) any damage, destruction or loss, whether covered by insurance or not, materially and adversely affecting the Business Condition of Buyer, or (d) any acquisition or disposition of a material amount of property or assets of Buyer outside of the ordinary course of business.

3.9 Agreements. Each agreement, contract, mortgage, indenture, plan, lease, instrument, permit, concession, franchise, arrangement, license and commitment that is an Exhibit to Buyer's most recent Form 10-Q is valid and binding on Buyer, and is in full force and effect, and Buyer has not breached any provision of, nor is it in default under the terms of, any such agreement, contract, mortgage, indenture, plan, lease, instrument, permit, concession, franchise, arrangement, license or commitment except for such failures to be valid and binding or in full force and effect and such breaches or defaults as reasonably would not be expected to have a material adverse effect on the Business Condition of Buyer.

3.10 Tax Returns and Reports. Except as reasonably would not be expected to have a material adverse effect on the Business Condition of Buyer:

4.10 Notification of Certain Matters. Seller shall give prompt notice to Buyer, and Buyer shall give prompt notice to Seller, of (i) the occurrence or non-occurrence of any event, the occurrence or non-occurrence of which is likely to cause any representation or warranty of Seller or Buyer, respectively, contained in this Agreement to be untrue or inaccurate at or prior to the Closing Date and (ii) any failure of Seller or Buyer, as the case may be, to comply with or satisfy any covenant, condition or agreement to be complied with or satisfied by it hereunder, provided, however, that subject to Section 4.11, the delivery of any notice pursuant to this Section shall not limit or otherwise affect any remedies available to the party receiving such notice.

It is further understood that, to the extent that this Agreement is not terminated pursuant to Section 7.1 (d) or 7.1(e) after delivery of any such Subsequent Disclosure Schedule, the representations and warranties in this Agreement of the party delivering such Subsequent Disclosure

The Benefits Package shall credit Seller's employees who become employees of Buyer with all years of service accrued by such employee with Seller or any predecessor of Seller or the Business. Buyer shall offer employment consistent with the terms of the Benefits Package to any of the employees of the Business it shall so choose. Seller will use reasonable commercial efforts to assist Buyer to encourage such employees to become employees of Buyer and to support an orderly and successful transition. Except as may be agreed between Buyer and Seller in accordance with the preparation of the Benefits Package, Buyer shall not be required to assume any obligation of Seller with respect to liabilities relating to such employees, including without limitation, obligations for accrued vacation time, severance arrangements, workers' compensation or any liability for any insurance, medical or other welfare benefits, other than under Buyer's plans. Buyer shall diligently seek to collect all such royalties, funds and other amounts when due (and shall investigate and perform appropriate auditing and enforcement under such licenses at Buyer's cost including auditing two (2) SVRX licensees identified by Seller during each quarter in which SVRX Royalties are collected). In consideration of such activities described in the preceding sentence, Seller shall pay to Buyer within 5 days of receipt of SVRX Royalties from Buyer as set forth in the preceding sentence, an administrative fee equal to 5% of such SVRX Royalties.
